### Unlimited Furniture Delivery starts at just \$99

Our professional furniture delivery team is dedicated to providing friendly, affordable, timely and efficient home delivery to most residences within Canada. All in-stock furniture ships from the warehouse location closest to your home, significantly reducing your shipping fees and improving delivery times. Our flat rate Local In-Home Delivery for addresses within 85 kilometres of our Vancouver, Calgary, Toronto and Montreal warehouses or stores are just \$99 per trip for unlimited furniture items. To find the lowest delivery rates for shipping addresses more than 85 kilometres from our warehouses or stores, please speak with a store associate. We'll unpack your Furniture Collection order, place it in the room of your choice and remove all packing materials. Additional charges may apply to special warehouse and residential circumstances, including remote locations not readily accessible; please call 888.657.4108 for details about your location. Depending on your postal code, Assembly Required items may be eligible for In-Home Delivery starting at just \$69 for orders up to \$450; in these cases, we will bring your order into your home and place the package in the room of your choice. Our store associates can give you more specific information about the lowest delivery rates for your location. Or call Customer Service at **888.657.4108**.

### Immediate Shipping on all in-stock items

Our goal is to have all items in stock for immediate delivery. However, some items are occasionally on back order due to popular demand or manufacturing. If that's the case, we will notify you of the next incoming shipment. Should you place an order for an item that is not currently in stock, an associate will keep you posted on the status of your order and notify you as soon as it becomes available.

### Warehouse Pickup

If your vehicle can accommodate a Furniture Collection purchase, you may schedule to pick it up at one of our Vancouver, Calgary, Toronto or Montreal area warehouses. Your store associate will assist you in scheduling a convenient pickup date. Please schedule your pickup at least 48 hours after the date of purchase.
